

Professional Hygiene brushware charter FEIBP European brushware federation

Introduction

The Working Group Professional Hygiene Brushware (PHB) was set up in 1995 as part of the FEIBP – the representative European Federation of Brush Manufacturers, with the aim of developing a Charter to satisfy the market requirements for a definition of Professional Hygiene Brushware.

All brushware products in the PHB registered companies' hygiene range showing the FEIBP "PHB" logo are manufactured to the criteria set out in the Charter, and satisfy the requirements of both customers and third party bodies, enabling end users to be confident that they will be using a product which complies with all existing hygiene regulations.

A growing group of European manufacturers of hygienic brushware products are proud to assure the hygienic properties of their products.

Instruction

The PHB Charter and how does it work?

1. The hygiene brushware products are manufactured according to the high quality standards of the PHB Charter
2. The PHB trademark logo is registered as an EU collective trademark under no. 010919132.
3. The PHB Charter aims to reflect the international and national legislation regarding hygiene brushware products to the best of our knowledge
4. PHB products are suitable for use in HACCP systems of the customer / user
5. The FEIBP declaration of compliance to EU food contact regulations will be issued for individual brushware products delivered. These individual compliance declarations are required by the EU Regulations
6. The FEIBP declaration of compliance includes the PHB members obligation to carry out migration tests. Migration tests are required by EU Regulations.
7. The PHB registered companies consist of a group of innovative European companies making high level design of manual cleaning tools, and the PHB group is a member of the EHEDG (European Hygienic Engineering & Design Group).
8. PHB registered companies are manufacturers of hygiene brushware and ancillary cleaning equipment
9. Only the PHB registered company is entitled to use the PHB logo for PR (catalogues, websites, leaflets etc) and the PHB registered company informs the customer about this
10. Any customer of PHB products is entitled to refer to the PHB Charter, but the use of the logo is not allowed
11. All PHB registered companies and their portfolio of hygiene brushware products are to be found on www.eurobrush.com
12. All PHB companies are member of the FEIBP, the European Brushware federation
